6. Directors Election

To elect two Independent Directors to fill the vacancy.

(Proposed by the Board of Directors)

Explanatory Notes:

- A. The Company received a letter of resignation from Independent Director Yeh, Shu on April 1, 2021. The letter has expressed his intention to, under the consideration of regulatory compliance; resign as an independent director of the Company from May 31, 2021. And a by-election of independent director as prescribed in the Company’s Articles of Incorporation will take place.
- B. In addition, the Company’s current chairman and president are the same person. According to Article 4 of “Taiwan Stock Exchange Corporation Operation Directions for Compliance with the Establishment of Board of Directors by TWSE Listed Companies and the Board’s Exercise of Powers”, the number of independent directors should not be less than four people. Therefore, under the aforesaid consideration of corporate governance, the

intimation of resignation filed by the Company's corporate director Shanyi Investment Co., Ltd. (including the representative thereof, Hung, Chih-Hsun) on April 6, 2021 also requires a by-election of independent director as the resignation will come into effect on June 16, 2021.

- C. In Summary, the Board of Directors approved to elect two new independent directors to fill such vacancies at the 2021 Annual Meeting of Shareholders. The term of office of the independent director to be elected shall expire on the same date as the term of the existing directors (from June 17, 2021 to June 14th, 2023).
- D. The independent directors shall be elected by adopting candidates nomination system as specified in Article 192-1 of the R.O.C. Company Law. The independent director shall be elected from the nominated candidate, whose education and professional qualifications, experience and relevant information, please refer to Attachment 13.

Voting Result :

Title	Shareholder account number or ID card number	Name	Elected Votes
Independent Director	A1100xxxxx	Liu, Frank	45,746,658
Independent Director	S2223xxxxx	Wang, Hsuan	45,694,744

7. Other Proposal

Item: To release the prohibition on the Director and Newly Elected Independent Directors from participating in the competitive business.

(Proposed by the Board of Directors)

Explanatory Notes:

- A. Directors who participate in the operations of another company that engages in the same or similar business scope as the Company hereby request the shareholders' approval to release these directors and their proxies from the non-competition restrictions in accordance with Article 209 of the Company Act.
- B. Please refer to Attachment 14 for the status of the competition of the Director and Newly Elected Independent Directors.

8. Extemporary Motions: None

■ Business Refocusing

Prior to 2017, our business focused almost exclusively on pseudo-SRAM products customized for feature phone market. We had tier-one customers, built-to-order business flow, a gross margin of 35-40%, and consequently very low business risk. However, we were faced with a shrinking feature phone market and risk of becoming irrelevant. We started an effort to expand our business to growing applications such as wearable devices, smart audio, smart video, MCU, LTE modem, wifi, etc. These applications are generally referred to as Internet of Things (IoT).

In 2017, we acquired and integrated Zentel Electronics, which added specialty DRAM business to our product portfolio. The acquisition greatly expanded our R&D capabilities and product portfolio. However, specialty DRAM business is fundamentally a commodity-like business, where both cost and price are sensitive to general DRAM market condition. When the DRAM market turned in late 2018, we suffered significant losses due to high inventory level. As a result, we suffered a net loss in 2019, even excluding one-time charges related to a customer quality event.

In the meantime, our efforts in expanding IoT business have started to come to fruition. We have also seen good potential in our AI Memory IP offering. In 2019, we made a decision to reduce, and eventually eliminate our reliance on our standard DRAM business. In 2020, we formally launched IoT and AI business units, respectively focused on IP-rich IoT memory and AI memory IP licensing.

As of the end of 2020, we have almost completely got out of standard DRAM business. The growth of our IoT and AI revenues has almost made up for the revenue reduction in standard DRAM. We also successfully sold 100% of our shares in Zentel Japan in 2020, adding US\$28.8M to our cash balance sheet.

■ Margin Improvement

The business refocusing has dramatically improved the quality of our revenue. Our quarterly gross margin rate has improved from 15% in Q4'19 to 40% in Q4'20. This improvement is the result of (1) reduction in low-margin standard DRAM business, (2) contribution from IP licensing, (3) improvement pricing in IoT memory products. Looking forward we expect our gross and net margin rate to be stable with a gradual up trend while maintaining a stable expense ratio.

	2019Q4	2020Q1	2020Q2	2020Q3	2020Q4
Gross Margin (%)	16%	16%	26%	33%	39%
Net Margin (%)	5%	5%	9%	15%	56%

■ IoT Business Unit

Our IoT business unit provides compelling customized memory solutions to our customers. Once we have identified a compelling solution for a target application, we typically spend two to three years to complete spec-in, design-in, and validation, to achieve volume production with a lead customer. The follow-on customers of the same application can usually achieve volume production with much shorter time. Lifetimes of our products typically exceed ten years. Over time, we have a growing product portfolio and a growing revenue stream.

Our IoT product line now includes IoT memory devices with features such as ultra-low-power, ultra-high-speed, ultra-low-swing, to address specific needs of customer applications. With our growing base of design-ins, our IoT memory is becoming an industry standard for high quality and high value-added memory.

■ AI Business Unit

Our AI business unit provides licensing of high bandwidth memory solutions. Memory bandwidth is the biggest performance bottleneck for any AI computation. We were the first to propose direct wafer-on-wafer stacking of DRAM and logic to achieve memory bandwidths 10-100X above HBM.

We drive our revenue generally in two steps: license fee in design-in phase, and wafer sales revenue and/or royalty in production phase.

Our VHM™ (Versatile Heterogeneous Memory) has been designed into a number of customer projects. These design-ins have validated our initial idea. We expect adoption of our AI memory solution to gradually ramp up. The spec-in to production cycle time ranges from one to five years.

■ Business Environment and 2021 Outlook

Worldwide demand for semiconductor has exceeded supply in second half of 2020. This supply shortage has impacted our foundry supply. While we have mostly been able to secure our wafer supply, wafer prices have increased substantially. We have so far been able to manage the volatility in wafer prices. Further tightening of capacity may impact our revenue growth and gross margin rate.

Our underlying businesses are strong. Our products are competitive and our markets are growing. But most importantly, in both of business units, we are building entry barriers for competitors. We strive to firmly position ourselves to be number one in each of our niche markets. In 2021, we will make strides in that direction.

We deeply appreciate the support and encouragement of our shareholders, as well as that of our customers, suppliers, employees, and other ecosystem partners.

Chen, Wen-Liang

INDEPENDENT AUDITORS'S REPORT

The Board of Directors and Stockholders

AP Memory Technology Corporation

Opinion

We have audited the accompanying parent company only financial statements of AP Memory Technology Corporation (hereinafter referred to as the Corporation), which comprise the parent company only balance sheet (“parent company only balance sheet”) as of December 31, 2020 and 2019, and the parent company only statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the financial position of the Corporation as of December 31, 2020 and 2019, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent company only Financial Statements section of our report. We are independent of the Corporation in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significance in our audit of the Corporation's parent company only financial statements for the year ended 2020. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Assessment of Allowance for Inventory Falling Price Loss

As of December 31, 2020, the carrying amount of the Corporation's inventories was \$624,852,000, which is a significant amount that accounts for 16% of the Corporation's total assets. As determining related allowance for inventory falling price loss is subject to management's judgement and the management of physical inventories as described in Note 4 (5) and Note 5 of the Corporation's Parent company only Financial Statements, plus market competition can affect the estimation of the net realizable value of inventory, we considered the allowance for inventory falling price loss as a key audit matter.

Our main audit procedures performed in response to the key audit matter described above were as follows:

1. Understand inventory management related internal control systems and evaluate the design and implementation thereof.
2. Observe the annual inventory count to understand the status of slow-moving and damaged inventory; and further confirm whether to set relative loss of inventory falling price aside.
3. A test is carried out with the "Inventory Aging Report" and "Net Realizable Value of Inventories Report" used for the assessment. The test includes the verification of the report integrity and net realizable value; and recalculations for verifying the accuracy of related reports. In the meantime, a retrospective test is also carried out based on impairment loss incurred in the previous fiscal year and whether such loss will incur in the following years.

Responsibilities of Management and Those Charged with Governance for the Parent company only Financial Statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Corporation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Corporation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Corporation's financial reporting process.

Auditors' Responsibilities for the Audit of the Parent company only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or

error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Corporation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Corporation to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Corporation to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the Corporation audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Corporation's parent company only financial statements for the year ended 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

INDEPENDENT AUDITORS'S REPORT

The Board of Directors and Stockholders

AP Memory Technology Corporation

Opinion

We have audited the accompanying consolidated financial statements of AP Memory Technology Corporation and Subsidiaries (hereinafter referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2020 and 2019, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and the notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2020 and 2019, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of the most significance in our audit of the Group's consolidated financial statements for the year ended 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Assessment of Allowance for Inventory Falling Price Loss

As of December 31, 2020, the carrying amount of the Group's inventories was NTD625,055, 000, which is a significant amount that accounts for 16% of the Group's total consolidated assets. As determining related allowance for inventory falling price loss is subject to management's judgement and the management of physical inventories as described in Note 4 (6) and Note 5 of the Group's consolidated financial statements, plus market competition can affect the estimation of the net realizable value of inventory, we considered the allowance for inventory falling price loss as a key audit matter.

Our main audit procedures performed in response to the key audit matter described above were as follows:

1. Understand inventory management related internal control systems and evaluate the design and implementation thereof.
2. Observe the annual inventory count to understand the status of slow-moving and damaged inventory; and further confirm whether to set relative loss of inventory falling price aside.
3. A test is carried out with the "Inventory Aging Report" and "Net Realizable Value of Inventories Report" used for the assessment. The test includes the verification of the report integrity and net realizable value; and recalculations for verifying the accuracy of related reports. In the meantime, a retrospective test is also carried out based on impairment loss incurred in the previous fiscal year and whether such loss will incur in the following years.

Other Matters

We have also audited the parent company only financial statements of AP Memory Technology Corporation as of and for the year ended 2020 and 2019 on which we have issued an unqualified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors'

report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other

matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Group's consolidated financial statements for the year ended 2020 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
